Accordingly, on March 31, 2020 and 2019, Sivensa presents in the consolidated statement of financial position, separated from the rest of assets and liabilities, the assets that were occupied, other assets object of appropriation and the liabilities considered as borne by the state company Complejo Siderurgico Nacional, S.A., which are classified as an available investment for sale and are stated in the account "Net assets in process of expropriation and assets object of appropriation".

The industrial assets of Sidetur that were occupied, other assets object of appropriation and the obligations which had to be assumed by the state company Complejo Siderurgico Nacional, S.A., correspond to Property, Plant and Equipment, inventories, cash in local currency, trade account receivables, net of accounts payable to suppliers and others, advances received from customers, profits, holidays and other accruals and social benefits payable. Likewise, the rest of assets and obligations of Sidetur, including the financial debt, are included in the consolidated statement of financial position of Sidetur which sent opportunely the due communications to its creditors, and official and regulatory bodies, to inform about the events mentioned of late October 2012.

On September 2019, in accordance with the applicable accounting rules, the management obtained an update of the appraisal values (depreciated replacement cost) of the real property, machinery, equipment and facilities of Sidetur, realized in September 2009. Said update indicates that the total amount of Property, Plant and Equipment at September 30th, 2019 is Bs. 6,41 trillion in historical values (Bs. 29.1 trillion in constant values as of March 31, 2020), which is a greater amount than the book value of the net assets in process of expropriation and assets object of appropriation, which is Bs. 1,45 trillion in constant values as of March 31, 2020.

ANALYSIS OF THE QUARTER RESULTS

The Sivensa's consolidated results mainly include the operations of the filial Sidetur and the operations of the filial IBH, corresponding to the three-month periods ended on March 31, 2020 and 2019. The most significant aspects of the consolidated income statement are described hereunder:

- a. LOSS IN OPERATIONS: In the period January – March 2020, the Sivensa’s operations loss was 43,043 million compared with the profit of Bs 23,429 million in the same period of 2019. - b. NET PROFIT OF THE PERIOD: During the second quarter of the fiscal year 2020, the profit was Bs 203,358 million, compared with the loss of Bs 542,852 million during the same period of the previous year. This positive variation of Bs 746,210 million is mainly explained by the net of: i) the increase in the operating loss, as explained in the previous paragraph; ii) the increase of Bs. 33,170 million in the financial expenses of the year, primarily denominated in US dollars; iii) the increase of Bs 28,392 million in the financial income of the year, mainly named in US dollars; iv) the decrease of Bs. 109,504 million in the item “Net exchange loss” with respect to the one registered in the same period of 2019. All these variations are due to the increase in the applicable rate of exchange (Bs. per 1 US\$) to translate into bolívares the transactions and balances denominated in US dollars, utilizing the exchange agreements in force during the quarters ended on March 31st, 2020 and 2019, as explained above and, v) the aforementioned net effects of the record of the monetary gain obtained in the second quarter of fiscal year 2020 of Bs. 707,952 million. INTERNATIONAL BRIQUETTES HOLDING (IBH)

NATIONALIZATION OF VENPRECAR AND ORINOCO IRON SUBSIDIARIES

Despite efforts to pursue negotiations with the public sector involved in the process of nationalization of Venprecar and Orinoco Iron, It has not been possible up to this date, to reach a deal with the Government to set up a working schedule in order to negotiate a fair price for assets subject to nationalization. On July 9, 2013, the subsidiary International Briquettes Holding (IBH) filed a request for indemnification (compensation) against the Bolivarian Republic of Venezuela, before the Ministry of the People's Power for Industries, as a result of the de facto expropriation of the equity interest that such subsidiary holds directly and indirectly (through IBH de Venezuela, C.A.) in the corporations Venprecar and Orinoco Iron, whose operational control and management were unilaterally and exclusively taken over by the Venezuelan state, without complying with the procedure set forth in the Expropriation Law, or having paid the timely, fair and integral compensation. As of this date, the aforesaid Ministry has not issued any statement regarding that request.

In the Extraordinary Official Gazette of the Bolivarian Republic of Venezuela No. 6,119, dated December 19, 2013, the Presidential Decrees of same date, related to the briquetted-iron companies Venprecar and Orinoco Iron (both affiliates of the subsidiary International Briquettes Holding (IBH) were published, namely: (i) Decree No. 695, pursuant to which the movable assets, real property and improvements used for the operation of Venezolana de Prerreducidos Caroni "Venprecar" C.A. and its subsidiaries are subject to forced acquisition, as they are considered essential for the execution of the Work "Fortalecimiento de la Transformación del Mineral de Hierro y Generación de Briquetas en Caliente que Contribuyan con el Sector Industrial Siderúrgico" ("Strengthening of Iron Ore Transformation and Hot Briquettes Generation that Contribute to the Iron and Steel Industrial Sector"); and (ii) Decree No. 697, pursuant to which the movable assets, real property and improvements used for the operation of Orinoco Iron, S.C.S. and its subsidiaries are subject to forced acquisition, as they are considered essential for the execution of the Work "Fortalecimiento de la Reducción Directa del Mineral de Hierro y Generación de Briquetas en Caliente que Contribuyan con el Sector Industrial Siderúrgico" ("Strengthening of Iron Ore Direct Reduction and Hot Briquettes Generation that Contribute to the Iron and Steel Industrial Sector") (the "Acquisition Decrees").

Within the timeframe set forth in Article 22 of the Expropriation Law and in the text of the aforementioned notices, the attorneys and judicial representatives of IBH and its subsidiary IBH de Venezuela, C.A., appeared before the Office of the Attorney General of the Republic in accordance with the provisions of the said article and presented their written allegations in two separate documents (one for each of the aforementioned Acquisition Decrees) laying out the legal and factual arguments that, in their opinion, justified the unenforceability of such Decrees under the terms in which they were framed, considering that in February 2010 the Venezuelan State assumed, unilaterally and exclusively, the operational control and management of Venprecar and Orinoco Iron for the purposes of their transformation into State-owned companies.

On June 10, 2014, IBH de Venezuela, C.A., holder of legitimate interests as owner of 79.649740% of the equity interest in Venprecar and Orinoco Iron, filed before the Political Administrative Chamber of the Supreme Court of Justice two judicial recourses for the annulment of the aforesaid Acquisition Decrees.

On December 11, 2014, the aforementioned Chamber of the Supreme Court of Justice, as a result of the request for joint trials presented by the representative of the State, suspended the trial hearings schedule for both cases. Subsequently, on August 3, 2017, the aforementioned Chamber held that the request for joint trials should proceed as requested. On a later date, on June 12, 2018, the aforementioned chamber of the Supreme Court set the Trial Hearing for July 12, 2018, which was held on the established date and where the attorneys of IBH de Venezuela, C.A., presented the arguments and evidence they deemed pertinent in agreement with the Judicial Representative of said affiliate, filing the corresponding written arguments.

On August 7, 2018, an interlocutory ruling was issued by the Substantiation Court of the Political-Administrative Chamber of the Supreme Court of Justice, which admitted certain evidence promoted by the aforementioned attorneys, who on September 18, 2018 and in agreement with the judicial representation of the subsidiary IBH de Venezuela, C.A., partially appealed the aforementioned judgment before the Political-Administrative Chamber of the Supreme Court of Justice. On May 14, 2019, the aforementioned Chamber of the Supreme Court of Justice issued a judgment dismissing the referred partial appeal. Subsequently, on the date set for the filing of final briefs (March 10, 2020), the attorneys of IBH de Venezuela, C.A. proceeded to file before the Political-Administrative Chamber of

the Supreme Court of Justice, the written summary of conclusions in the course of the aforementioned judicial recourses for the annulment of the said Acquisition Decrees.

To date, there has been no judicial decision on the merits of the judicial recourses for the annulment of Acquisition Decrees.
